Information for Erasmus Students: The academic year lasts September to July.

Fall semester September 15th to December 20th, 2011.

Spring semester February 15th to June 21st, 2012.

Written exams take place at the end of each semester.

The International Relations Office at the Universidad de Murcia

Information concerning administrative admission and further useful information regarding all aspects of living in Murcia, are offered by the International Relation office (SRI) (lca@um.es) and is available on line [International Relation Office Information](#)

Curriculum information

Nowadays, dentistry curriculum at the Universidad de Murcia is in a process to an integrated, Bologna ECTS curriculum.

To avoid conflicting time schedules and contents, 1º and 2º year will not be available until dentistry degree will be complete. Exchange within the Erasmus Programme is possible for advanced students in courses 3º dentistry on.

Courses at Dentistry Curriculum . Academic Year 2011-2012

Courses detailed below build the core materials for Dentistry UMU students.

It is strongly recommended for International students to choose between 30 and 60 ECTS per year and to consult the semester location of each course offered
